Forward Tees: (implemented for the 2015 season)

Twilight League golfers would have the option of playing the forward tees each week.

Players interested in playing from the forward tees, need to inform their Team Captain in advance of the match. Team Captains need to communicate who will be playing from the forward tees when forwarding their team rosters to the opposing club.

As outlined by the USGA, Individual and Team match handicaps will be adjusted by the difference between course rating of the forward and back tees.

6.5 – Length of Time for Matches

Rule change for upcoming season
Effective for all matches in 2013

As we all know, the pace of play in the Twilight League has been a topic at essentially every meeting for over 20 years without any resolution to solve the problem.

Over those years, there have been a few ideas discussed and even tried, at our annual Spring meeting the topic was brought up yet again.

However, this time there was more a sense of urgency to find a solution as both a combination of Pro Shops and Golf committees at respective clubs have voiced a major concern; as well as a majority of our league players as well.

Therefore, a motion was presented and passed:

- **All league matches shall not exceed 4½ hours of play.**
- **At the end of 4½ hours, whatever the last hole completed will be the end of the match**

We believe this will not only satisfy the respective club golfing concerns, but also all of our participants. Perhaps the biggest beneficiary of this rule will be the club managers who will now have a much better timeframe on when to prepare our post round activities.

No one enjoyed either being the first group or two in, and then having to wait for other groups; or being the last two or three groups in and everything was already consumed.

We also believe that this change could also attract new players who were hesitant about joining the league due to the common knowledge of slow play.

Our goal is to eventually get to 4¼ hours in the next few years.

Here are the guidelines on implementing this rule change:

1. When a group tees off, it will be noted on their scorecard the start time, and finish time.
2. Make sure pro shops are out on course to help monitor time.
3. If 18 holes are not completed, players do not qualify for golf ball prizes.
4. In the event that the 4½ hour mark occurs during a hole in play, the following is in effect:
 - a. If everyone has completed their tee shots, continue to finish the hole.
 - b. Match concludes after holing out, even if 18 holes have not been completed.
